

SAVE THE PLANET AND SAVE A BUCK

Everytime you recycle, reuse, reduce, you not only help the environment but you save money too!

PAPER CONSERVATION

- Go paperless with online bill paying
- Buy recycled paper products
- Create scratch pads from used paper
- Reduce junk mail with "GreenDimes.com"
- Get a reusable shopping bag, from Tarbell Realtors

ECO FACTS:

- *The amount of wood and paper we throw away each year is enough to heat 50 million homes for 20 years.*
- *If every American recycled just one-tenth of their newspapers, we would save about 25 million trees a year.*
- *Using recycled paper for one print run of the Sunday edition of the New York Times would save 75,000 trees.*
- *Each year, 40 million acres of tropical rainforests--an area larger than the state of California--are destroyed through logging or burning.*
